

EL PASO COUNTY SHERIFF'S OFFICE

Prison Rape Elimination Act (PREA) Annual Report

Calendar Year 2021

The mission of the El Paso County Sheriff's Office is to provide the citizens of El Paso County effective and efficient public safety services. We deliver them consistently with character, competence, and transparency.

Purpose

The Prison Rape Elimination Act (PREA) requires agencies to collect and review data in order to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies, practices, and training. The intention of this report is to identify potential deficiencies in our processes, assess the agency's progress in addressing sexual abuse, and compare the current year's data to the past two years.

Background

In 2003, the United States Department of Justice (DOJ) passed the Prison Rape Elimination Act (PREA), in an effort to eliminate sexual abuse in correctional (confinement) settings. The passing of this Act resulted in the establishment of the National Prison Rape Elimination Committee (NPREC). This committee developed national standards designed to prevent, detect, and respond to prison rape, which were finalized in 2012.

Four sets of standards were developed for the following types of confinement settings: (1) adult prisons and jails, (2) juvenile facilities, (3) community corrections facilities, and (4) temporary holding facilities. The El Paso County Criminal Justice Center follows the standards applicable to adult prisons and jails and has been working toward compliance since 2013.

To show compliance, the El Paso County Sheriff's Office took the following steps:

- Standard Operating Procedures (SOP's) are reviewed and updated annually to ensure compliance with PREA standards.
- PREA Roll Call Training presentations are done quarterly for staff briefings.
- The Inmate Handbook is reviewed and updated to ensure inmates are aware of how to report PREA incidents and our zero-tolerance policy.
- In the last three years, our statistical data has been relatively consistent. This demonstrates knowledge of PREA and the fact that our inmate population is aware of, and comfortable with, using the reporting mechanisms to bring forth concerns to staff.

Zero-Tolerance Policy

The El Paso County Sheriff's Office Detention Bureau has a zero-tolerance policy relating to sexually abusive behavior and sexual assault. Sexual conduct between staff and inmates, volunteers or contract personnel and inmates, regardless of consensual status, is prohibited and subject to administrative and criminal disciplinary sanctions.
